

# Needle roller bearings

The compact end of the comprehensive SKF range

Bearing arrangements are complex systems. They can only be given an optimum design if a complete bearing range is available to choose from. The SKF product range covers all bearing types.

Where space is at a premium, SKF needle roller bearings can be the answer. They are available in all the sizes and designs normally offered on the market and have the high and consistent quality which is the hallmark of SKF bearings.

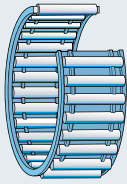

Needle roller bearings represent just one of the many options afforded by the SKF programme.

# Needle roller bearings

More than just the sum of their component parts

## Needle roller and cage assemblies

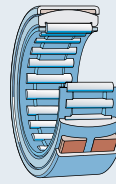

**Needle roller and cage assemblies**  
– single and double row

Series K, K..ZW

## Alignment needle roller bearings

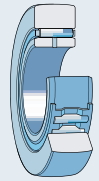

**Alignment needle roller bearings**  
with and without inner ring

Series RPNA  
Series PNA

## Support rollers

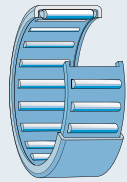

**Support roller without axial guidance**  
– open and sealed  
– with or without inner ring

Series RSTO, RNA 22.. .2RS  
Series STO, NA 22.. .2RS

## Drawn cup needle roller bearings

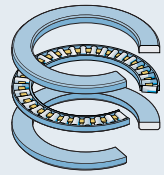

**Drawn cup needle roller bearings with open ends**  
– single and double row  
– sealed at one or both sides  
– with and without cage

Series HK, HK..RS, HK.. .2RS  
Series HN

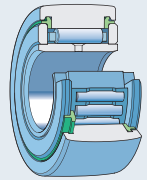

## Needle roller thrust bearings

**Needle roller and cage thrust assemblies and appropriate thrust washers**

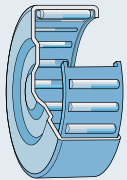

Series AXK, AXW  
Series AS, LS  
Series WS, GS

**Support rollers with axial guidance**  
– with and without seals  
– with and without cage

Series NATR, NATR..PPA  
Series NATV, NATV..PPA

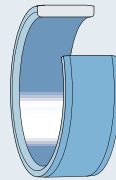

**Drawn cup needle roller bearings with closed ends**  
– single and double row  
– sealed

Series BK, BK..RS

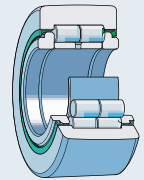

## Components

**Inner rings  
Seals  
Needle rollers**

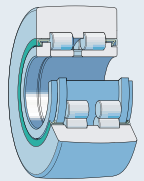

Series IR, LR  
Series G, SD  
Series RN

**Support rollers with axial guidance with gap type seals**

Series NUTR..A

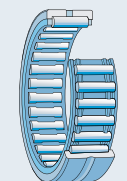

**Support rollers with axial guidance with lip type seals**

Series PWTR.. .2RS  
Series NNTR.. .2ZL

## Needle roller bearings

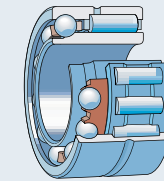

**Needle roller bearings with flanges without inner ring**  
– single and double row

Series NK, NKS  
Series RNA 48, RNA 49  
Series RNA 69

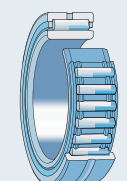

## Combined bearings

**Needle roller/angular contact ball bearings**  
– single direction  
– double direction

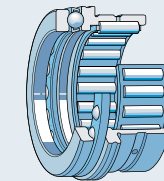

Series NKIA  
Series NKIB

**Needle roller bearings with flanges with inner ring**  
– single and double row

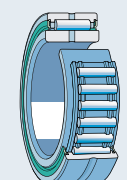

Series NKI, NKIS  
Series NA 48, NA 49, NA 69

**Needle roller/thrust ball bearings**  
– with and without cover

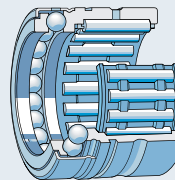

Series NKX, NKX..Z

**Needle roller bearings with flanges with and without inner ring**  
– sealed at one or both sides

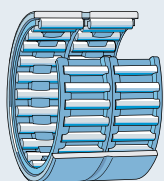

Series RNA..RS, RNA.. .2RS  
Series NA..RS, NA.. .2RS

**Needle roller/thrust ball bearings with full complement thrust ball bearing**

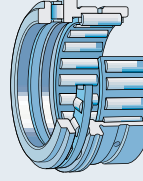

Series NX, NX..Z

**Needle roller bearings without flanges with and without inner ring**  
– single and double row

Series RNAO  
Series NAO

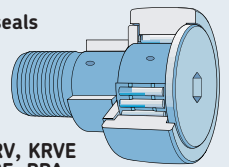

**Needle roller/cylindrical roller thrust bearings**  
– with and without cover

Series NKXR, NKXR..Z

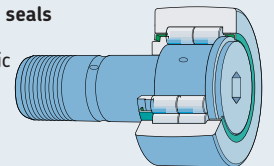

## Cam followers

**Cam followers with and without seals**  
– with and without cage  
– without or with eccentric collar

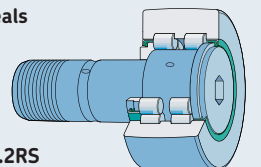

Series KR, KRE, KRV, KRVE  
Series KR..PPA, KRE..PPA  
Series KRV..PPA, KRVE..PPA

**Cam followers with gap type seals**  
– without or with eccentric collar

Series NUKR..A, NUKRE..A

**Cam followers with lip type seals**  
– without or with eccentric collar

Series PWKR.. .2RS  
Series PWKRE.. .2RS
